The Organisers and Members of the Governing Body of the Asaktha Poshaka Sabha, Bangalore, respectfully beg leave to approach Government with the following representation and pray for early favourable orders thereon.

Kind reference is invited to the accompanying copy of the humble appeal for fund circulated broadcast in connection with the construction of the Asakth Poshak Sabha Buildings. It is submitted for the information of Government that out of a total estimated cost of Rs.30,500/- for the whole building, a sum of Rs.15,000/- has been spent on the portions of the building actually constructed till now consisting of the kitchen, bath-room, draw well, store room, dining halls and twelve independent rooms. The above sum of Rs.15,000/- represent the total collections made by the generous donations and contributions received so far from the charitably disposed donors and some of the District Boards and Municipalities. A further sum of Rs.15,500/- is required for the construction of the Central Hall, 6 more independent rooms, Warden's and Servants' quarters, lumber room and compound wall etc., for enabling the completion of the entire structure as per plan and estimate.

This unique Institution is almost the only one of its kind in the Bangalore City depending for its support entirely on public munificence. Despite the prevalent trade depression and other confronting world economic difficulties, the Organisers and Members of the Governing Body of the Sabha have somehow been managing, thanks to the generous donors and honorary workers, to put up the

buildings so far erected and gradually to raise the maintenance fund of the Sabha.

As the further progress of the Home Building is very much hampered for want of necessary funds, the Governing Body of the Home fervently appeals to the Government to come to its aid in a generous measure by endowing a substantial amount out of the savings effected by the abolition of the Annachattrams in and outside the State, to enable the completion of the building. Without proper financial assistance, all the activities of the Sabha will suffer a serious handicap. This Sabha Home is solely intended for the relief of the aged and infirm who are none on whom they can depend for maintenance and support and without any consideration of caste, creed, colour or community all deserving and helpless persons are housed and properly looked after. As it is very essential to push on to completion the entire structure at an early date, to afford sufficient accommodation for the large number of more disabled persons clamouring for admission, immediate financial help is required and towards this end in view, the Organisers and Members of the Governing Body most humbly appeal to Government with a fervent prayer that at least a sum of Rs.10,000/- may be kindly endowed for the purpose. It may be noted here for the information of Government that Faknrat-tujjar Sir Khan Bahadur Hajee Sir Ismail Sait, Kt., has graciously been pleased to promise a generous donation of Rs.5,000/- for the construction of the main hall.

In view of the circumstances explained supra and in the face of the peculiar pecuniary difficulties, the Governing Body is labouring under, it is earnestly requested that Government may be pleased to give their sympathetic consideration to ~~xix~~ this purely philanthropic enterprise and pass very early favourable orders in the matter.

It may not be out of place to submit in this connection that Government in the Industries Department have made generous contributions from the Centtral Savings Funds for the construction of small houses in Mysore and Chickmagalur.

Thanking to return,

Sir,

Your most obedient servant,

K H Ramayya

PRESIDENT,
ASSAYTHA POSHAKA SANGHA.

AN APPEAL.

The Asaktha Poshaka Sabha, Bangalore City, started in August 1923 and since registered under the Mysore Societies' Regulation III of 1904 has been located in a private building in the 3rd Main Road, Chamarajpet, Bangalore City, incurring a heavy monthly expenditure by way of rent. There are at present 29 permanent inmates (disabled) of different castes and creeds, housed, clothed and fed by the Sabha. For want of accommodation no more disabled could be admitted. The Bangalore City Municipality with the approval of the Government of H. H. the Maharaja of Mysore have very graciously been pleased to make a free gift of a spacious site in the Visveswarapuram Extension for putting up a permanent habitation for the Sabha.

It is now contemplated to put up a suitable building on the site to accommodate 100 disabled poor and to this end the Organisers and Members of the Governing Body appeal to the generosity of the public to help the Sabha with funds. Contributions, however small, will be thankfully received and acknowledged by the Honorary Treasurer of the Sabha.

Liberal help is sought for, from the generous public, the several District Boards and Municipalities in the Mysore Province and above all the Government of His Highness the Maharaja of Mysore, for the construction of a permanent substantial structure.

The names of such of the donors or the Institutions who pay for in full, either for a room, the main hall or kitchen, etc., will be inscribed on such structures. Photos of such donors will also be hung up if so desired.

The accompanying plan will furnish full particulars. According to the estimates prepared, each endowment room may cost Rs. ~~750~~ 650 approximately, the hall will probably cost Rs 5000 and the kitchen block about Rs. 6900. Mr. S. K. Narasimhiah, Mandi Merchant, Bangalore City, has endowed about Rs. 450 for a draw well in the premises and the well has been sunk also. The District Board, Bangalore, has kindly granted Rs. 1000 towards the construction of the building.

Detailed information may be had of the Honorary Secretary of the Sabha.

K. H. Ramiah,
Registrar of Co-operative Societies in Mysore
President.

Extracts from the Speeches of the Presidents at the several Anniversaries and the Opinions of the distinguished visitors appended herewith will convince the charitable public of the absolute necessity on their part to liberably respond to this appeal.

Dewan Bahadur, Raja Dharma Pravina **K. S. Chandrasekara Iyer** at the 1st Anniversary.—

* * * *

It is not thus the idle and the indolent beggar whom we see so abundantly in the street or at the door of houses, but the unfortunate victim of deformity or disease who is incapable of earning a living unaided, whom the Sabha has in view. This is a very praiseworthy object indeed; and the report which has been just read shows that a perceptible measure of success has been achieved during the short time that it has been at work.

The late **Mr. Mahomed Zahiruddin Maccai, B. A.,** Chairman at the 2nd Anniversary.—

The proposal of the Organisers of the Asaktha Poshaka Sabha to find a home, wherein the blind, the maimed and other disabled beggars would be fed and clothed and also made to do such work as their physical defects would permit them to do is deserving of high commendations as a most practical proposition.

They should remember that though there is an enormingly large number of able bodied beggars going about in the streets, yet there are a goodly number of men and women who either due to old age or other infirmities are absolutely unable to work and who along with the former, also kept dragging their weary existence from door to door and kept waiting there sometimes in the hottest part of the day, to get a pie if not a rebuff.

Such a state of things to Mr. Meccai's mind was a standing disgrace and ashame to the high humanitarian ideals. It was important to remember that these unfortunates were there and we are here, perhaps by mere chance and it was quite probable we might nave exchanged places with them. Even from the point of view of the doctrine of Karma, the chances were not very assuring. Granting that the present condition of these people was of their own making who could say with certainty that the acts and doings of those who are more fortunately situated in this life, were all calculated to lead to a similar or higher life in the future and might not, in effect, lead to the exchange referred to above.

Mr. Deva Rao Shiva Ram at the 3rd Anniversary of the Sabha:—

With the kind co-operation and help of our fellow citizens the Sabha will, I feel confident, be able in future to help many more Asakthas by feeding and clothing such of those that deserve same and further by imparting instructions to the deaf and dumb and blind in weaving, carpentry, typewriting, singing and in any other occupations that will suit the particular individual, so that they may be enabled to find a permanent means to support themselves.

Khan Bahadur **Mohamed Abbas Khan** at the fourth Anniversary of the Sabha.

"The objects of the Institution were very dear to his heart. Though it was doing excellent work, still there was much to be done before its benefits could reach the whole disabled beggar population of the City. The grants from the Municipality and the Government were not adequate for the purposes of the insitution but more propoganda work would enlist greater sympathy and help from the public, especially the merchants who are spending large sums on annual feedings of the poor. His active sympathy and help may be counted upon in all matters concerning the Institution. As the President of the Municipality he had no doubt that the Municipal Councillors would not hesitate to grant a site required for the Institution."

Rajamantra Pravina C. S. Balasundaram Iyer, at the 5th Anniversary of the Sabha.—

"The house-rent is comparatively high but the accommodation is not quite adequate to house sufficient number of inmates. Hence it is necessary that the Institution should have a suitable site wherein sufficiently large number of inmates can be accommodated. The further response of the charitable public of Bangalore, I hope, will result in a permanent substantial building to this Institution."

"All the inmates here are, as one can see, disabled, helpless and deserving God's creatures to whom the public should turn their attention and do any little help they can."

Col. Raja Jai Prithvi Bahadur Sing at the sixth Anniversary.—

OPINIONS EXPRESSED BY SOME OF THE EMINENT VISITORS.

I have been very interested to visit this Institution and see the wonderful work that is being done by a band of voluntary workers. It is not only charitable in the extreme but practical and business-like also. I wish them all possible success in their scheme for a new building and further expansion of their work.

I visited the Asaktha Poshaka Sabha in company with the City Amildar. It is run on cosmopolitan lines. There are 26 inmates at present under the protection of the Sabha. A site may be selected in a convenient place for constructing a cheap building. I hope the Municipality will help them to secure the site. I am also of opinion that grants now made by the Muzrai Department and the Municipality are well spent. I desire to record my appreciation of the work that is being done by the Honorary Workers.

This is one of the most useful Institutions started by philanthropic gentlemen in the City and maintained by subscriptions and donations. A permanent building seems to be an urgent necessity as the owner seems to be unwilling to keep the building in a sanitary condition. Besides an Institution of this kind should be somewhat away from the residential areas and not in the midst of it.

A permanent building is absolutely necessary and as remarked by Mr. M. G. Rangiah it should be located in a place somewhat away from the inhabited places but not too far away. The present building is a rented one and does not appear to be quite good from a sanitary point of view. The new construction may be made of scattered rooms to accommodate people of different pursuations. I hope the generous public will not leave this want unaccomplished for long.

28—10—30 (Sd.) R. A. NARASIMHA IYANGAR.

I trust that every citizen and visitor of Bangalore will recognise their duty and happiness in contributing either service, thought or money for the comfort of the aged and diseased in this City. Especially those in the Asaktha Poshaka Sabha, for I feel, there is a great work being done here, not only for the comfort and happiness of inmates and those others who are fortunates enough to be fed on speeial occasions, but also in regard to the removal of these people from public thoroughfares thereby leaving only beauty and health to be witnessed—no matter how many times one walks abroad.

I was taken round this building of the Asaktha Poshaka Sabha.....It is an admirable institution and real home for the helpless. It is the duty of every person to help the Institution even in a very humble way. I pray God that the rich and the middle class people may extend their charity to this well-deserving Institution.

SIR,

With reference to your letter C.105/32.33-2 dated 17th January '33 calling for a report on the representation of the President of the Asakta Seshana Sabha praying for an amount of Rs 10,000/- for the construction of the building, I have the honour to state that the Deputy Commissioner, Bangalore District, to whom a report was called for, states that the institution in question is intended to give relief to the disabled and the poor, and that the prayer may be considered and a suitable grant sanctioned.

2. The Bangalore City Municipality have made a free grant of a spacious site in the Viswesvarapuram extension and the Sabha has constructed ~~as~~ a permanent substantial structure in which to accommodate 100 inmates. The total estimated cost for the whole building is Rs 30,000/- and the Sabha has already spent over Rs 20,000/- mostly out of the donations of the public, on the construction.

3. I have visited the institution. The Sabha is doing excellent work in running a Home for the aged and the infirm and the building has been very well constructed, but expansions of the building are very necessary. In the circumstances, I beg to recommend that the Government may be pleased to sanction a building grant of Rs 5,000/-, the charge being met from the sum of Rs 10,000/- provided for in the next year's budget of the Maharaja Jayanti Fund Committee to Homes for the Destitute and the Infirm.
